Our client's safety and happiness has always been our highest priority. To help you continue to keep your home a safe and healthy place we are now offering three levels of listing support, each with tailored protocols and a list of clearly defined showing expectations for buyers and their agents.

These listing support offerings are on top of any government issued COVID-19 regulations.
Together, we can make your home sale experience smooth and safe, from listing to closing

LEVEL 1 SHOWING CONDITIONS

- All visitors to your home will be asked to wear a mask and sanitize their hands before touring
- Our Listing Support Care Package includes a bottle of hand sanitizer and a Protocols sheet to display on your front door or in your entry to reinforce showing expectations during this time
- Visitors and their buyer's agents will be asked to comply with any government issued COVID-19 regulations in addition to the above seller requests

When requesting a showing, buyer's agents will be reminded that they are being asked to respect all of the above showing conditions and to assist their clients in following them as well.
